

THE DNA

BAY exists at the intersection of discipline and desire — where the rigor of elite sport meets the sensibility of architectural luxury.

BRAND POSITIONING

BAY is not a sports club. It is a *performance institution* — India's first vertical ecosystem where Olympic ambition, clinical wellness, and cultural prestige converge under one uncompromising standard. We are the Double Yellow Dot: the ball reserved for those who have earned the speed.

BRAND PROMISE

We liberate squash from the concrete box and re-engineer it as a cultural asset. Every touchpoint — from the glass court to the cryotherapy chamber to the treehouse retreat — is designed to make you feel that you are inside the most serious, most beautiful version of sport.

BRAND PERSONALITY

Authoritative. We speak with the quiet confidence of expertise, never the volume of hype.

Architectural. Every detail is structured. Nothing decorative, everything intentional.

Relentless. We embody the sport's demand for precision under pressure.

BRAND ARCHETYPES

Primary → The Ruler.

Command. Standard-setting. Institutional authority. We define the category.

Secondary → The Magician.

Transformation. Taking raw talent from street to elite. Turning a hidden sport into a visible spectacle.

02 — LOGO SYSTEM

THE MARK

The BAY identity is built on a system of marks — a primary wordmark, a monogram, and the Double Dot device — each calibrated for different contexts and scales.

MONOGRAM — COMPACT

THE DOUBLE DOT DEVICE

The two gold dots are the irreducible symbol of BAY — derived directly from the Double Yellow Dot squash ball, the mark of professional-grade play.

Use as favicon, app icon, pattern element, wayfinding marker, embroidery detail, and social avatar. Dots must always be gold on dark or dark on gold. The gap between dots equals one dot-width.

← Minimum size: 6px per dot

LOGO USAGE RULES

✓ DO

Maintain minimum clear space of 1× "B" height around wordmark

Use only approved color combinations

Scale proportionally — never stretch or compress

Center-align the Double Dot device below the wordmark

✗ DON'T

Never place the logo on busy photographic backgrounds

Never use gradients, shadows, or 3D effects on the mark

Never rotate, skew, or apply effects to the wordmark

Never substitute colors outside the approved palette

03 — COLOR SYSTEM

CHROMATIC DISCIPLINE

BAY's palette is surgical. Black dominates. Gold punctuates. There is no room for decorative color — every hue is earned.

05 — VOICE & TONE

HOW WE
SPEAK

BAY's voice is the voice of a world-class coach — direct, precise, respected. Never loud. Never casual.

HEADLINES & CAMPAIGN

"The concrete box is dead. The glass court is alive."

Short. Declarative. No question marks. Headlines are verdicts, not invitations.

ACADEMY & PERFORMANCE

"Twelve months. Four hundred sessions. One Olympic squad. This is where the 1% is forged."

Numbers-driven. Clinical precision. The quiet confidence of a measured program.

EXPERIENCE CENTRE & WELLNESS

"Between the treeline and the court, between the breath and the stroke — that is where clarity lives."

Poetic restraint. Sensory. Meditative. Think Aman Resorts meets sports science.

OUTREACH & GRASSROOTS

"From a schoolyard in Raipur to the glass court in Mumbai. The only qualification is hunger."

Dignified ambition. Never patronizing. Respects the journey, celebrates the pathway.

THE VISUAL LANGUAGE

BAY photography is cinematic, not commercial. Think Christopher Nolan, not stock photography.

PERFORMANCE

Low-light, high-contrast. Athletes mid-action with selective focus. Sweat visible. Faces show intensity, not smiles.

ARCHITECTURE

Clean geometry. Glass, concrete, light. The building as protagonist.

RETREAT

Golden-hour. Nature dominates. The court as whisper within landscape.
